IVRIT BISHNAYIM

The book **Hebrew: Take 2**, for Level II, grew out of the need for instructional material that reflects Israeli society with its cultural heterogeneity, using narrative characters to express the texture of everyday life in today's Israel. The book has ten chapters dealing with various topics, such as the status of women, ecology, landscapes, the home, education, language and more. The student learns about the Israeli experience while acquiring the language and increasing proficiency in its use.

MITKADMIN BEIVRIT
